

## April 2011 Construction Photos

*Coleman Diversion Dam: New access road intersection off of Manton Road, general contractor RTA Construction Inc. laying 2-3 foot rock as base material.*

*Coleman Diversion Dam: Stripping topsoil in Contractor Use Area #4 near the Upper Jump Basin, looking East in direction of the 66" pipeline.*

*North Battle Creek Feeder: Fish bypass pipe (left center) at downstream end of the fish screen structure.*

*North Battle Creek Feeder: Contractor Syblon Reid performing rock mitigation along new access road.*

*North Battle Creek Feeder: Staking and excavation of the pedestrian bridge right abutment.*

*Eagle Canyon Diversion Dam:* High flows continue to spill over diversion dam (left) while flow in vertical slot fish ladder (right) is currently blocked to prevent fish passage.
